

Homeless Prevention Program

The Homeless Prevention Program assists households who have faced a crisis situation that have rendered them homeless or at imminent risk of homelessness. This may include a court-ordered eviction, fire victims, reduced income, medical emergencies, etc. There are several requirements to eligibility for this program. Helpful staff may guide households through this process.

Appointments are required, along with several documents necessary in processing a household's application. Expect the initial intake appointment to take up to one hour. Call your local GMN office for a list of required documents and to schedule an appointment to determine eligibility.
